## Preface

THE fourteenth issue of the BUFFALO BLUE BOOK possesses many features which we trust will entitle it to retain the high place in public favor that has been accorded its predecessors. We desire especially to thank our patrons for their cordial appreciation of our efforts.

The difficulties attending the compiling of such a book can be easily appreciated; and therefore we trust that any omissions will be brought to our notice, that they may be corrected in the future. We hope to make the BLUE BOOK as nearly perfect as it is possible to make such a volume.

We do not claim the BLUE BOOK is either a City Directory or absolutely an Elite Directory; neither do we pretend to pass upon the social or financial standing of the parties whose names are contained therein. It is simply a compilation of the most prominent householders and residents published in the most convenient form for reference by our patrons.

The title "BLUE BOOK," is given the work because of its blue cover. It does not refer to blue blood as many people suppose. Webster's definition of Blue Book is as follows: "Blue Book—a book containing a list of fashionable addresses."

Please send any information you may have that will aid in keeping the records correct to The Blue Books Company, 26 East 13th Street, New York City.

## It is your privilege

To make a Will thereby making your own laws concerning the division and distribution of your property after death. *If you fail to exercise this privilege*, your dependents must accept the provisions established by the law.

This means that an aged widow receives no more consideration than an able-bodied and self-reliant son; the youngest child is given no more consideration than one already established in life.

Do you not owe your family the same consideration after your death that you give them now? Having your Will drawn and creating a Trust will give them this protection. Members of our Trust department will gladly discuss this matter with you in further detail.

## **WOMEN WHO APPRECIATE REAL VALUE IN A MOTOR CAR**

We wish we knew some way to bring to those women of good taste and fine appreciation who, never having driven a Jordan, do not know the enviable sense of security and keen satisfaction that Jordan owners enjoy.

In these days when true economy is so desirable, and actual value so essential, women find in the Jordan Brougham a rare charm and gratifying distinction such as they never before knew.

They love its leisurely comfort, its instant response, its handling ease.

They appreciate its fine balance, its rich beauty, its atmosphere of good taste.
